

COLIN KELLY STONEBERG

National Physics Consultants, Ltd.

Health Physics Consultant

Education

2005- 2007 Thomas Edison State College, Bachelors of Science degree in Applied Science and Technology with an area of study in nuclear medicine

1992: Harrisburg Area Community College, Associates Degree in Nuclear Medicine Technology

1991-1992: South Central PA Consortium of Nuclear Medicine Technology

1991-1992 Polyclinic Medical Center, Clinical training in Nuclear Medicine

1991 – 1992 Course(s) of Study

- Nuclear Medicine Theory to include:

Nuclear Physics, Math, Radiochemistry, Instrumentation, Computers in Nuclear Medicine

- Applied Nuclear Medicine
- Regulatory - Records and Administration to include:

NRC, FDA, JCAHO and State regulations, NRC and State licensing for use of radiopharmaceuticals, Equipment Selection, Personnel records, including review of film badge records, Ordering of radiopharmaceuticals, Quality control systems and monthly records needed, Budgeting, Inspections

- Nuclear Medicine Applications to include:

Principles of radiation safety, Principles of instrumentation

- Nuclear Medicine Clinical Applications

1990: Harrisburg Area Community College, Associates Degree in Business Administration

1985-1987: Penn State University (Dubois) General Studies

Experience

2005- present: National Physics Consultants - Consultant

1999- 2005: Mallinckrodt Inc. - Pittsburgh, Nuclear Technician, Site Quality Rep.

1997- 1999: Carlisle Hospital - Chief Nuclear Medicine Technologist

1992- 1997: Chambersburg - Nuclear Medicine Technologist

Certifications

2006: State of Ohio Authorized User, License # 03221800000

2006: NRC Authorized User, License # 34-26655-02 and # 34-26653-02

2006: Registered in the state of West Virginia, Registration # 906010

2007: Recognized as a Qualified Expert in the Commonwealth of Kentucky

1992: Nuclear Medicine Technology Certification Board (C.N.M.T.)

1992: American Registry of Radiologic Technology (A.R.R.T. (N)
